WHY COME:

Canmore Nordic Ski Club offers highly certified and experienced coaches who are keen to improve young athletes in biathlon. With our geography in Canada being so vast, athletes often end up training on their own, spread out across the country. Our vision for this camp, is to bring athletes together from across Canada who show potential to develop our sport to a new level. We hope to create an exclusive new camp experience to help elevate youth development in biathlon in Canada for our next generation of athletes. This camp is designed to connect like-minded, committed athletes from across Canada, in a training experience like no other.
