## **National Teams**

- 2022 & 2023 Canadian Junior National Team
- 2020 & 2021 Canadian National Development Team

## **About Anna:**

I am the daughter of a French-Italian father and a German mother, and immigrated to Canada when I was 4. The one thing that stayed consistent in my childhood was the love for the outdoors and skiing. I started skiing at the age of 2, and by the age of 9 I had started biathlon. Being with my teammates and eating gummy bears is what fueled me from a very young age (and it still fuels me to this day!). Throughout the years my love for sports has grown exponentially. I played soccer in high school, joined a climbing team, and explored many places while training. I have travelled the world with biathlon, which is one of my favourite things to do, and cannot wait to see where the sport takes me! I have competed at 2x Youth world championships, and am so thrilled to see what lies ahead of me!
