About Ben:

I am an 18-year-old biathlete from Canmore, Alberta. I've always been interested in sports and the outdoors, as they offer an escape, allowing me to gain confidence, a sense of belonging, accomplishment, and camaraderie. My biathlon journey first started through the Cadet Program at the age of 12, where it quickly became my most important source of peace and relief. I am currently undertaking full-time training with the Biathlon Alberta Training Center. This opportunity enables me to hone my skills alongside some of Canada's most promising talents and learn from exceptional coaches.
