About Liam:

I grew up on a small acreage near Grande Prairie, back home I love taking my dogs for walks, cutting wood for our fireplace, and used to take care of animals such as goats, horses, and alpacas. Now in my new home in Canmore I enjoy running and climbing in the beautiful mountains that surround us. I feel that one of the things that draws me to this sport most is the connection to nature and capability of exploring the harsh terrain around us.
